

CLAY FACE BRICKS

The Black Brick

CLAY FACE BRICKS

The strength and durability of clay brick is equally matched by its intrinsic aesthetic qualities which are as rich as nature itself. The Corobrik Clay Face Brick is testimony to this colourful, earthy palette of nature, offering the widest variety of colours, shades, shapes and textures which enhance and harmonise with any environment.

For more information on classification and special shapes or advice, contact your nearest Corobrik Office.

ISO 9001:2008

Every effort has been made in the photographic, reproduction and printing process to feature a portrayal of each panel as it would appear in real life. However, the only accurate way to assess the true aesthetic appeal of face brick is to view the product.
